

Alice Hyde Medical Center

Health Centers & Clinics

Family health care, near you

The four Alice Hyde Medical Center (AHMC) health centers provide North Country families convenient access to comprehensive, quality health care close to home. Since the 1996 opening of our first health center in Chateaugay, the Bessette Health Center, AHMC has strengthened its commitment to bringing primary and preventive care services to local communities. Today, in addition to the Bessette Health Center, Alice Hyde operates the Dwyer Health Center in Moira, the Salmon River Health Center in Fort Covington, and the Tower Health Center in St. Regis Falls.

Each Health Center is staffed by Family Practice Physicians, Nurse Practitioners, and staff who are dedicated to serving all the primary care needs of their patients and community members.

Services provided at our health centers include:

- primary care for infants, children, adolescents, and adults, well child exams, immunizations, allergy injections
- acute and chronic illnesses
- workmen's compensation exams and blood draws

All of the AHMC Health Centers are opened Monday – Friday.

For further information or to schedule an appointment please call:

- Bessette Health Center 518-497-6622
- Dwyer Health Center 518-529-7847
- Salmon River Health Center 518-358-3008
- Tower Health Center 518-856-0033

In addition to these local family health centers, Alice Hyde offers urgent care services through the In-House Clinic and specialized primary care services for Veterans at the VA Clinic—both of these services are located on the Malone campus.
