Each DAISY and BEE Honoree will be recognized at a public ceremony in their unit and will receive: a beautiful certificate, an Award pin, and other wonderful gifts. Additionally, everyone in the DAISY winner's unit will celebrate with cinnamon roll (a favorite of Patrick's during his illness) or other sweet treats. The Barnes Family asks that whenever and wherever nurses smell that wonderful cinnamon aroma, they stop for a moment and think about how special they are.

Want to Say Thank You To A Nurse Or Support Staff? Share *Your* Story!

The DAISY Award (Diseases Attacking the Immune System) is an international recognition program that honors and celebrates the skillful, compassionate care nurses provide every day. The DAISY Foundation was established by the family of J. Patrick Barnes after he died from complications of the auto-immune disease ITP in 1999. During his hospitalization, they deeply appreciated the care and compassion shown to Patrick and his entire family. When he died, they felt compelled to say "thank you" to nurses in a very public way.

The BEE Award (Beyond Exceptional Everyday) recognizes our support staff (employees other than nurses or providers), who go above and beyond for our patients and their families.

Because a DAISY can't survive without a BEE and a BEE can't survive without a DAISY!

Please say thank you by sharing your story of how a staff member made a difference you will never forget!
